Notes

¹ Returns in this statement are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax rate may be lower.

² Fund fees are fees charged as a percentage of a member's interest in the fund (i.e. as a percentage of their KiwiSaver account balance).

³ The Manager anticipates that the fund fees incurred for the twelve months ended 31 March 2014 (as a percentage of the net asset value of the fund) will be lower than the fund fees for the period to 31 March 2013. It is anticipated that other fees and costs will be lower because fund expenses have fallen as a percentage of the fund's value in the twelve months ended 31 March 2014.

⁴ Membership fees are the fixed dollar charges for membership in the KiwiSaver scheme.
