SIL Mutual Fund ('SIL') is New Zealand's longest-established personal superannuation fund. It was established in 1959 to provide New Zealanders with an opportunity to plan and save for retirement.

SIL comprises two registered superannuation schemes, the SIL Mutual Fund Personal Lump Sum Scheme and the SIL Mutual Fund Employer Lump Sum Scheme. This annual report is for the SIL Mutual Fund Employer Lump Sum Scheme (the **scheme**).

The scheme closed to new members on 16 September 2016. The trustee and manager of the scheme (the **trustee**) is Superannuation Investments Limited. The trustee is governed by a board of directors, which meets regularly throughout the year to oversee the administration and management of the scheme and ensure members' investments are managed in accordance with the trust deed. Further information about the directors of the trustee is available at silfunds.co.nz.

ANZ New Zealand Investments Limited (**ANZ Investments**) has been appointed by the trustee to be the investment and administration manager (the **investment manager**) of the scheme.

"All of the funds within the scheme delivered positive performance over the period, with funds that have a higher weighting to growth assets, such as shares and listed property, doing particularly well."

I'm pleased to present the SIL Mutual Fund Employer Lump Sum Scheme annual report for the year ended 30 June 2018.

The performance of investment markets over this period has been very strong. International shares were the stand-out performers – a result of growth in the world's major economies and a better environment for company earnings. New Zealand shares also did well, thanks to the solid performance of several local companies. Global and New Zealand bonds delivered more modest returns and cash delivered low but positive returns for the year.

All of the funds within the scheme delivered positive performances over the period, with funds that have a higher weighting to growth assets, such as shares and listed property, doing particularly well. Please see pages 4 and 5 for more information on returns.

Together with ANZ Investments, I am pleased to highlight the following developments over the year.

- There's been significant investment into a new registry system to improve efficiency in the processing of transactions for members – now and into the future.
- ANZ Investments has extended its commitment to responsible investing by signing up to the Principles of Responsible Investment, a United Nations-supported framework that helps companies integrate environmental, social and governance factors into their investment processes.

As always, I encourage you to contact your financial adviser to discuss your personal financial plan – especially if your situation changes. ANZ Investments will be happy to put you in touch with an adviser in your area if you need one.

Thank you for your continued support. We appreciate having you in the scheme and look forward to helping you to achieve your financial goals.

Mark Cross
Chairman,
Superannuation Investments Limited
